**ASSIGNMENT**

WHEREAS, PowerWAN, Inc., hereinafter referred to as the Assignor, residing at P.O. Box 1510 LOS ALTOS, CA 94023 a Delaware Corporation, is the owner of the entire, right, title, and interest of a certain Letters Patent, certain inventions or improvements for which have been made applications for Letters Patents of the United States, as well as related and supporting documentation, data, and other items, all as identified in Schedule I:

WHEREAS, Current Grid, LLC, hereinafter referred to as the Assignee, of 20420 Century Boulevard, Germantown, Maryland, 20874, a Delaware Limited Liability Company, is desirous of acquiring the entire right, title and interest in and to the said inventions or improvements (and related and supporting documentation, data, and other items) and in and to the said applications and patent, and in, to and under any and all Letters Patents which may be granted on or as a result thereof in any and all countries:

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and intending to be legally bound hereby, Assignor has sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, to said Assignee, the entire right, title and interest in and to said inventions or improvements and said patent and said applications (and related and supporting documentation, data, and other items) and any and all continuations, divisions and renewals of and substitutes for said applications, and in, to and under any and all Letters Patents which may be granted on or as a result thereof in the United States and any and all other countries, and any re-issue or re-issues or extension or extensions of said Letters Patents, including the full right to sue for and collect damages for past violations of provisional rights having arisen from any publication of said applications or any continuations, divisions, or renewals of or substitutes for said applications. Assignor further assigns to and authorizes said Assignee to file applications for Letters Patent in all countries, the same to be held and enjoyed by said Assignee, its successors, assigns, nominees or legal representatives, to the full end of the term or terms for which said Letters Patent respectively may be granted, reissued or extended, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment, sale and transfer not been made.

AND Assignor hereby covenants that Assignor has full right to convey the entire interest herein assigned, and that Assignor has not executed and will not execute any agreement in conflict herewith, and Assignor further covenants and agrees that Assignor will, each time request is made and without undue delay, execute and deliver all such papers as may be necessary or desirable to perfect the title to said inventions or improvements, said patent and said applications and said Letters Patent to said Assignee, its successors, assigns, nominees or legal representatives, and Assignor agrees to communicate to said Assignee, or to its nominee all known facts respecting said inventions or improvements, said applications and said Letters Patent(s), to testify

in any legal proceedings, to sign all lawful papers, to execute all disclaimers and divisional, continuing, reissue and foreign applications, to make all rightful oaths, and generally to do everything possible to aid said Assignee, its successors, assigns, nominees and legal representatives to obtain and enforce for its or their own benefit proper patent protection for said inventions or improvements in any and all countries.

HOWEVER, Assignor has acquired its rights and interests in the applications for the Letters Patents and to the Letters Patent(s) through the operation of Bankruptcy Law. As such, Assignor shall have no obligation to communicate with or to seek assistance from the inventors or prior owners of the assigned applications or Letters Patent(s).

AND Assignor hereby authorizes and request the Commissioner of Patents and Trademarks of the United States and any official of any country or countries foreign to the United States whose duty it is to issue patents of applications as aforesaid, to issue to said Assignee, as assignee of the entire right, title and interest, any and all Letters Patent for said inventions or improvements, including any and all Letters Patent of the United States which may be issued and granted on or as a result of the applications aforesaid, in accordance with the terms of this assignment.

This agreement shall be governed by and construed in accordance with the laws of the State of Delaware, notwithstanding the conflicts of law principles of any jurisdiction to the contrary.

IN WITNESS WHEREOF, I, a duly authorized representative of Assignor, have hereunto set my hand and seal.
